

# DURHAM REGIONAL POLICE

*leaders in community safety*

Friday, February 16, 2007

Madame Diane Rheaume  
Secretary General CRTC  
CRTC, Ottawa (Ontario) K1A 0N2

**RE: Article 7 of CRTC 2007-1, Applications 2006-0508-2 and 2006-0509-0**

Dear Madame Rheaume:

I am writing to support the submission of Applications 2006-0508-2 and 2006-0509-0 by Avis de Recherche and All Points Bulletin TV.

Here in Durham Region we support our local media stations that are at the leading edge of communicating information to citizens with a new cable show called "GTA's Most Wanted". Durham Regional Police Service encourages an open and transparent communication network with our media partners and members of our community.

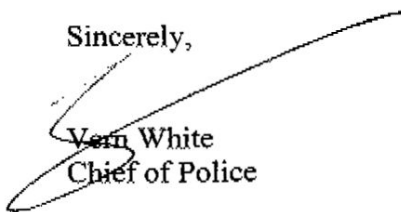

Our Corporate Communications Unit works diligently with the local media to ensure accurate and timely information is passed on to citizens to assist them with their security and safety.

We also provide our community with a website where they can find a variety of information. We send out releases on a regular basis to keep the media and our community updated on the what's going on in their municipalities.

Intelligence gathered from citizens is an important part of our day-to-day business and several major incidents have been solved due to such input.

I endorse the favourable efforts of Avis de Recherche and All Points Bulletin TV. I look forward to the success of such a program and hope that we can assist with any regulatory approvals required.

Sincerely,

  
Vern White  
Chief of Police
