Dear Mr G racitano:

Thank you for your e-mail dated February 16, 2007 regarding your request of support for the digital cable channel *All Points Bulletin*.

In Alberta it is the responsibility of the Chief of Police of a municipal police service or the Commanding Officer of RCMP "K" Division to approve the release of information to the media on any missing person, victim or offender. It is important that the Chiefs of Police be in support of this proposal before we, as the government, can offer our support.

I encourage you to seek the support of the Chiefs of Police from the municipal and First Nations Police Services and the Commanding Officer of RCMP "K" Division. Since it is their operations that are affected by this release of information and they are responsible for the release of the type of information that you wish to air on your channel, it is critical that they support this channel in order for it to be a worthwhile venture in Alberta.

Sincerely,

Fred Lindsay
Solicitor General and Minister of Public Security
